

Holes to Go

**9 HOLES OF
PIRATE-
THEMED
FUN!**

This 9-hole course can be used as a portable/mobile course or at a permanent/temporary location. The holes are 10' to 12' long and 5' wide at the putting cup. Holes are a total of 6" thick. Several holes have banks/bumps built into the green to make the course even more challenging. Pirate themed obstacles/props are permanently on the holes. All holes are one piece and have red brick style edging and commercial grade carpet. Course was used for one season indoors in a low volume location as an amenity to the facility. One hole has an indentation in the carpeting but otherwise you could not tell they have been used at all.
